Proposed	2016
Construction Start	2017
Completion	2019
Floors Above Ground	15
No of Apartments	340

Wembley West is a new, mixed-use development forming part of the 85-acre mixed-use regeneration of Wembley Park, led by developer, Quintain. The scheme, due to complete summer 2019, comprises a 10-storey and 15-storey block, providing approximately 320,000 sq ft of prime residential and retail space, with 340 new apartments and retail outlets located at ground level.

Eurosat designed and supplied a two satellite full coax IRS system incorporating dSCR technology to support SkyQ. Working closely with the installation company the project was completed in a timely manner due to prior planning and scheduled site requirements.
